

SEPTEMBER 2020

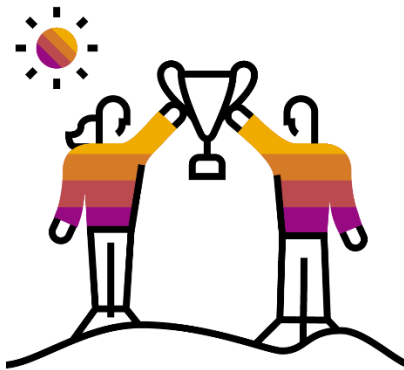

Insights

from SAP Concur

As you and your colleagues navigate a very different back-to-school / back-to-work season, rest assured that our SAP Concur solutions team are here to help you move #businessforward. This month's issue includes events, resources and info that will help strengthen your control over cash flow and enable you to identify spend management risks.

As a valued client of SAP Concur solutions, we'd also appreciate hearing directly from you on how your business has managed over the past six months. If you haven't yet, please complete our online survey:
