Opening Keynote

Hear directly from SAP Concur leaders as they share exciting updates about recent product innovations and what's happening next.

9:15 am – 10:15 am

Session Break – Spend time in the Expo

Take advantage of networking breaks to explore the expo! You can get specific solution questions answered in our SAP Concur Expert Centre, or meet one of our partners onsite at their booth.

Tips, Tools, and Technology for Establishing Compliance at the Core of Your Programme

Reducing non-compliant spend is essential for running a successful programme. Whether you're just beginning or well into your SAP Concur journey, gain valuable ideas to elevate your compliance procedures and learn about the most recent innovations in identifying fraudulent spend. Topics will include enforcing policy, AI technology, and more..

11:00 am – 11:45 am

Everything You Need to Know: SAP Concur Mobile App

Learn how to enhance the end user experience through the SAP Concur mobile app. Uncover features of the app, best practices for putting them to use, and how to increase employee adoption and satisfaction.

12:00 pm – 12:45 pm

Select your next session based on your interests

Top Reports to Drive Impactful Change

With all the reports available, how can you be sure you're utilising the right ones for your business? Travel, expense, accounts payable - you name it and we can tell you the top reports and dashboards for showcasing the metrics you need. Make sure you're leveraging the right KPIs and tools available to you.

Trends and Transformation: The Future of Payments

The acceleration of technology in financial platforms is opening new possibilities for the T&E industry. We'll explore the potential opportunities and challenges these bring with respect to near real-time data, more robust controls for card programmes and various card products with a panel of experts from players across the ecosystem.

2:15 pm – 3:00 pm

Streamlining Success: Best Practices In Accounts Payable

Explore the strategies and techniques that can propel your business towards streamlined operations and financial excellence. From invoice processing to vendor management, learn how to increase visibility of spend and reduce errors in accounts payable. Hear from peers on how to overcome challenges in procurement and take your programme to the next level.

3:15 pm – 4:00 pm
